

2018 AND COUNTING

The universe is now a year older and wiser. Celebrate the occasion with this word search! Find all of the words listed in the three grids below—words read horizontally, vertically, and diagonally, always in a straight line. The first letter of each word matches the letter-shaped grid you'll find it in. When you are done, the remaining letters, read from left to right and top to bottom, will spell some advice to get 2018 off to a great start.

H T W H	H O O T	R I Y	N S N	O Y O Y	W Y K Y
